SANTHOSH

Graphic Designer · Video Editor · Motion & 3D Artist

● PROFILE

Creative freelancer specializing in graphic design and video editing, with a growing focus on motion graphics and 3D modeling.

Currently a third-year BCA student building a full-time freelance practice — combining a strong design foundation in Photoshop and Illustrator with cinematic video editing in Premiere Pro. Known for reliable turnaround, clean visual work, and taking client feedback seriously.

● EXPERIENCE

○ Freelance Graphic Designer & Video Editor

2024 — Present

Independent · Church & Community Clients

- Designed event posters, social media creatives, and sermon-series branding for ongoing church clients.
- Edited short-form videos and reels — cutting, colour grading, and adding motion titles in Premiere Pro.
- Built a full slide-deck presentation for a Tamil-language sermon series ("Kani Kodukkum Vaazhkai," John 15).
- Managed projects end-to-end: client briefs, revisions, and final delivery on deadline.

○ Early Design Practice

2022 — 2024

Self-Directed Learning

- Learned Photoshop and Illustrator fundamentals, mentored informally by a relative in the design field.
- Practiced through real small projects — posters, edits, and design favours for friends and family.

● SERVICES

■ Graphic Design

Posters, social creatives, print-ready layouts

■ Video Editing

Cuts, colour grading, reels & commercials

■ Motion Graphics

Animated titles, logo stings, lower thirds

■ 3D Modeling

Product renders & short 3D intros (add-on)
